

# Petition to Eliminate Fast-Track Service Payment

We, the undersigned, respectfully submit this petition to request the elimination of the fast-track service payment offered by [Name of Department/Organization]. We believe that access to essential services should be equitable and not dependent on additional fees.

The fast-track service places undue burden on individuals who may not have the financial means to pay for expedited processing, creating inequality among citizens seeking the same services. We urge [Name or Title of Decision Maker] to consider this request and take appropriate actions to ensure fairness and equal treatment for all.
